§ 715.1 Scope of this part.

This part implements section 202(a)(6)(D) of the Federal Credit Union Act, 12 U.S.C. 1782(a)(6)(D), as added by section 201(a) of the Credit Union Membership Access Act, Pub. L. No. 105-219, 112 Stat. 918 (1998). This part prescribes the responsibilities of the Supervisory Committee to obtain an annual audit of the credit union according to its charter type and asset size, and to conduct a verification of members' accounts.

§ 715.2 Definitions used in this part.

As used in this part:

(a) *Balance sheet audit* refers to the examination of a credit union's assets, liabilities, and equity under generally accepted auditing standards (GAAS) by an independent public accountant for the purpose of opining on the fairness of the presentation on the balance sheet. Credit unions required to file call reports consistent with GAAP should ensure the audited balance sheet is likewise prepared on a GAAP basis. The opinion under this type of engagement would not address the fairness of the presentation of the credit union's income statement, statement of changes in equity (including comprehensive income), or statement of cash flows.

(b) *Compensated person* refers to any accounting/auditing professional, excluding a credit union employee, who is compensated for performing more than one supervisory committee audit and/or verification of members' accounts per calendar year.

(c) *Financial statements* refers to a presentation of financial data, including accompanying notes, derived from accounting records of the credit union, and intended to disclose a credit union's economic resources or obligations at a point in time, or the changes therein for a period of time, in conformity with GAAP, as defined herein,

or regulatory accounting procedures. Each of the following is considered to be a financial statement: a balance sheet or statement of financial condition; statement of income or statement of operations; statement of undivided earnings; statement of cash flows; statement of changes in members' equity; statement of revenue and expenses; and statement of cash receipts and disbursements.

(d) *Financial statement audit* (also known as an "opinion audit") refers to an audit of the financial statements of a credit union performed in accordance with GAAS by an independent person who is licensed by the appropriate State or jurisdiction. The objective of a financial statement audit is to express an opinion as to whether those financial statements of the credit union present fairly, in all material respects, the financial position and the results of its operations and its cash flows in conformity with GAAP, as defined herein, or regulatory accounting practices.

(e) *GAAP* is an acronym for "generally accepted accounting principles" which refers to the conventions, rules, and procedures which define accepted accounting practice. GAAP includes both broad general guidelines and detailed practices and procedures, provides a standard by which to measure financial statement presentations, and encompasses not only accounting principles and practices but also the methods of applying them.

(f) *GAAS* is an acronym for "generally accepted auditing standards" which refers to the standards approved and adopted by the American Institute of Certified Public Accountants which apply when an "independent, licensed certified public accountant" audits financial statements. Auditing standards differ from auditing procedures in that "procedures" address acts to be performed, whereas "standards" measure the quality of the performance of those acts and the objectives to be achieved by use of the procedures undertaken. In addition, auditing standards address the auditor's professional qualifications as well as the judgment exercised in performing the audit and in preparing the report of the audit.

(g) *Independent* means the impartiality necessary for the dependability
